PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 17th July, 1968.

The Committee of the Privy Council have had before them a report from the Minister of Indian Affairs and Northern Development, representing:

That by Order in Council P.C. 1968-1006 of 22nd May, 1968, approval was given to the annual budget for expenditure by the Government of Newfoundland on programs for Indians and Eskimos in Labrador (other than hospital and medical costs) for the fiscal year ending March 31, 1969;

That the amended submissions to the Committee of the Executive Council of Newfoundland seeking approval of the annual budget inadvertently omitted a sum of \$74,000 for vital welfare capital expenditures in the settlement of North West River and Minute of Council dated April 17, 1968 (MC 242-'68) therefore only gave approval to an amended budget of \$716,700 involving a contribution in an amount not exceeding \$501,070 from Canada to Newfoundland; and

That the Government of Newfoundland has modified Minute of Council 242-'68 by Minute of Council 392-'68 dated May 31, 1968, to provide for an additional expenditure of \$74,000 by Newfoundland which involves an additional contribution of \$66,600 from the Government of Canada so that the total expenditure by Newfoundland will therefore be \$790,700, with a total contribution not exceeding \$567,670 from Canada.

The Committee, therefore, on the recommendation of the Minister of Indian Affairs and Northern Development, advise that Your Excellency may be pleased hereby to approve an amendment to the annual budget for Indians and Eskimos in Labrador which was approved by Order in Council P.C. 1968-1006 of 22nd May, 1968, as contained in the attached Appendix.

The Committee of the Privy Council have had  
 before them a report from the Minister of Transport,  
 representing:

That by Order in Council P.C. 5908 of July 28, 1944, authority was obtained to acquire from, among others, Alfred Belanger and Philippe Leblond, certain lands in Range 1, Parish of Trois Pistoles, County of Temiscouata, Province of Quebec, required for the purpose of obtaining crushed rock ballast for the Canadian Government Railways and as a site for a crushing plant and storage area, subject to the condition that the lands would be reconveyed to the vendors, free of cost, when no longer required by the Crown;

That the said lands are no longer required for Railway purposes and the recommendation of the management of the Canadian National Railways that they be reconveyed to Alfred Belanger and Philippe Leblond free of charge, subject to the following conditions, is concurred in by the Director of the Real Estate Branch of the Department of Transport:

- (1) Mr. Alfred Belanger grants Her Majesty and assigns a right on the land permitting Her Majesty or assigns to leave and maintain the pile of crushed stone which is presently located on a portion of the said land;
- (2) It is understood that Her Majesty retains ownership of the said pile of crushed stone and that Her Majesty and assigns will, at all times, be able to take all the desired crushed stone therefrom;
- (3) In the exercise of the right above granted, Mr. Alfred Belanger agrees to grant Her Majesty and assigns a right-of-way on a strip of land 25' wide in order to connect the land above described to the public road located to the north, this strip of land forming part of Lot 301 of the said cadastre belonging to the said Mr. Belanger by virtue of letters patent and located north of the land;
- (4) The rights above granted Her Majesty and assigns by Mr. Belanger for access purposes and for use of the land are temporary and will cease "ipso facto" at the expiration of a ten-year period to be computed from the date of these presents, or if the occasion arises sooner, from the moment Her Majesty or assigns have removed from the above described land all the crushed stone belonging to them;

- (5) At the expiration of the ten-year period Mr. Belanger or assigns will automatically become owners of all the remaining crushed stone and will regain complete use of the land;
- (6)(a) By these presents, Mr. Philippe Leblond agrees to grant and grants Her Majesty and assigns, from the moment he owns the hereafter-described land identified as the "servient tenement", a right of way to permit crossing on foot, by vehicle or otherwise from the public road located to the south of the "servient tenement" to the railway right of way, or "dominant tenement" consisting of parts of Lots 299, 301, 302 and 306, all being bounded north and south by the remainder of the said lots; east by Lot 295 and west by Lot 307;
- (b) The "servient tenement" consists of a strip of land measuring approximately 30 feet in width, English measure; it forms part of Lot 306, is bounded north by part of Lot 306 included in the "dominant tenement", east by Lot 302, south by the public road and west by the remainder of Lot 306 as shown in yellow on the Canadian National Railways' plan No. 11187-31 dated 9 January 1967 on file in the records of the Department of Transport.
- (7) Mr. Philippe Leblond agrees to abide by a lease given to J.M. Turcotte Limitee by Her Majesty on 29 May 1964 for a period of five years expiring 14 May 1969, the said lease covering approximately 0.735 of an acre of Lot 306. Mr. Leblond, who acknowledges copy of said lease, will be entitled to the rental which becomes payable after the date of these presents;
- (8) Messrs. Belanger and Leblond also agree to abide by a certain lease given to J.M. Turcotte Limitee by Her Majesty on 17 February 1964 for a period of five years expiring 31 October 1968, the said lease covering approximately 2.53 acres of Lots 301 and 302. Messrs. Belanger and Leblond acknowledge copy of the said lease which covers portions of lots owned respectively by Mr. Alfred Belanger and Mr. Philippe Leblond and Her Majesty; therefore, all the rights and obligations to which the lessor is entitled by virtue of the said lease will be shared between the parties concerned in the following proportions, based on the area of land owned by each party and included in the said lease:

Annual Rentals

(a) Philippe Leblond	40%	\$ 60.80
(b) Alfred Belanger	30%	45.60
(c) Her Majesty	30%	<u>45.60</u>
	100%	\$152.00

- 3 -

- (9) By these presents, Messrs. Alfred Belanger and Philippe Leblond irrevocable authorize Her Majesty to collect all rentals due by virtue of the said lease, give receipts for the sums collected, notify the lessee that his lease will not be renewed at its expiration and, finally, administer the said lease for and on behalf of the parties concerned, provided Her Majesty does not assume any responsibility whatsoever by reason of acts or omissions relating to this lease, except that of accounting for the collected sums.

The Committee, therefore, on the recommendation of the Minister of Transport, pursuant to the Public Lands Grants Act, advise that Your Excellency may be pleased to authorize the issuance of Letters Patent conveying to Alfred Belanger and Philippe Leblond the lands more particularly described in Schedules "A" and "B" hereto, the conveyances to be made upon execution by Messrs. PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee  
of the Privy Council, approved by His Excellency the Governor  
General on the 17th July, 1968

The Committee of the Privy Council have had  
before them a report from the Minister of Veterans Affairs,  
representing:

That subsection (1) of section 24 of the Veterans  
Land Regulations provides that the Director may not approve  
financial assistance on behalf of a veteran qualified as a  
small holder on an area of land containing less than one-  
half of an acre but at the discretion of the Director this  
area may be reduced by 20%;

That qualified veteran Albert Gouldsbrough re-  
quested that the Director provide financial assistance under  
Parts I and III of the Act to discharge encumbrances against  
property that he was acquiring privately described as Parcel  
5392, Centre Cochrane, being part of Lot 25, Concession 11,  
Township of O'Brien, District of Cochrane, Province of  
Ontario, containing an area of approximately 11,000 square  
feet and in addition arrangements were made to acquire a road  
allowance adjacent to and North and East of the said parcel  
of land to make up the minimum area required by subsection  
(1) of section 24 of the Regulations;

That the road allowance lies adjacent to a body of  
water and as a result its closing will require some months  
providing favourable consideration can be obtained from  
officials of the Province of Ontario;

That the spouse of veteran Albert Gouldsbrough is  
suffering from cancer which her doctor confirms is terminal  
and is most anxious that the establishment of her husband be  
processed as expeditiously as possible with a view to re-  
ducing the debt load due to the high cost of drugs that are  
required and with a view to providing a home for the Goulds-  
brough family which consists of five children;

That it is deemed advisable to establish veteran  
Gouldsbrough on the aforesaid property which contains approxi-  
mately 6,424 square feet less than the minimum requirements of  
the said Regulation 24; and

- 2 -

That if the road allowance is closed and title can be obtained in the name of the Director, it will be included in the veteran's agreement of sale.

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, advise that Your Excellency may be pleased to approve the establishment of veteran Albert Gouldsbrough on Parcel 5392, Centre Cochrane, being part of Lot 25, Concession 11, Township of O'Brien, District of Cochrane, Province of Ontario, containing approximately 11,000 square feet in area which is less than the prescribed minimum area of one-half of an acre.

PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee  
of the Privy Council, approved by His Excellency the Governor  
General on the 7th August, 1968.

The Committee of the Privy Council have had  
before them a report from the Minister of Transport,  
representing:

That by Order in Council P.C. 1963-1825 of 12th  
December, 1963, the administration and control of a certain  
parcel of Cornwall Canal Reserve Land in the City of Corn-  
wall, including Cornwall Canal Locks 15 and 16 and that  
portion of the Canal between the said locks, containing in  
all approximately 9.20 acres was transferred from the St.  
Lawrence Seaway Authority to the Department of Transport  
subject to the following conditions:

- (1) that drainage of the canal dry dock be continued  
by the Crown by either maintaining in its present  
condition the old canal running through the area,  
or by providing two 6 foot diameter corrugated  
culvert pipes under any fill which may be placed  
in the old canal;
- (2) reconstruction by the Crown of the access road  
shown green on the said Plan No. C-808 and  
provision of free access for the Seaway Authority  
over the roadway and over any other access road  
which may, in the future, connect this roadway  
to the present canal wall;
- (3) construction and maintenance at all times by  
the Crown of a 6 foot high chain link fence  
between the Authority-occupied lands and the  
Government dock area at no expense to The St.  
Lawrence Seaway Authority;
- (4) that any lease by the Department of Transport  
of the said canal land will contain provisions  
saving harmless The St. Lawrence Seaway Authority  
from and against claims for accident, detriment,  
damage, injury or loss caused to the land by  
flooding and that the Lessee shall at all times  
indemnify and save harmless The St. Lawrence  
Seaway Authority from and against claims resulting  
from flooding of the land, by whomsoever made,  
brought or prosecuted; and

- 2 -

- (5) that the gates and gate-lifter of The St. Lawrence Seaway Authority remain in their present location until such time as the area may be filled and used as a land lot for harbour development. At that time, a new berth site, as secure for the purposes intended as the present berth site, will be provided in the vicinity for storage of the gates, under water, as well as for the floating gate-lifters, and a reasonable access to such new berth site will be provided at no expense to The St. Lawrence Seaway Authority and to its satisfaction;

That the firm presently leasing part of the said Canal Reserve Land has applied to lease the balance of the property including the dry dock and the remains of the old canal. To utilize this area to its full industrial potential, they wish to fill the old canal and locks and remove the culvert pipes; and

That the matter of removing the culvert pipes was referred to The St. Lawrence Seaway Authority who advised that the dry dock will not likely remain in operation during 1969 and that the conditions detailed in the above noted Order in Council could be relaxed at the close of navigation in 1968, and that in lieu of the 6 foot diameter culverts, a similar drain approximately 12 inches in diameter be installed in the area from the east end of the dry dock to the river so as to prevent the accumulation of stagnant water in the dry dock prior to filling, and to also provide desirable drainage of such fill when placed.

...3

- 3 -

The Committee, therefore, on the recommendation of the Minister of Transport, advise that Your Excellency may be pleased hereby to amend Order in Council P.C. 1963-1825 of 12th December, 1963, by deleting condition (1) therefrom and substituting, therefor, the following condition (1):

- (1) that the drainage of the canal dry dock be continued by the Crown by either maintaining in its present condition the old canal running through the area or by providing, at any time after the close of navigation in 1968, a corrugated culvert pipe approximately 12 inches in diameter, under any fill which may be installed in the old canal in the area from the east end of the dry dock to the river, so as to prevent the accumulation of stagnant waters in the dry dock prior to filling and to provide drainage of such fill after it is placed.

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

His Excellency the Governor General in Council, on the recommendation of the Minister of Transport and the Minister of Trade and Commerce, pursuant to the Public Service Rearrangement and Transfer of Duties Act, is hereby pleased to transfer the control and supervision of the portion of the Public Service known as the Statistics Section, Air Transport Committee, from the Canadian Transport Commission to the Dominion Bureau of Statistics, effective August 15, 1968.

(From Part II of the Canada Gazette - No. 16 - August 28, 1968)

Certified to be a true copy of a Minute of a Meeting of the Committee  
of the Privy Council, approved by His Excellency the Governor  
General on the 14th August, 1968.

PRIVY COUNCIL

The Committee of the Privy Council have had  
before them a report from the Minister of Transport,  
representing:

That by public advertisement tenders were  
invited for the purchase of Department of Transport's  
property consisting of two lots containing one two-car  
garage and one two-storey dwelling; the said site and  
improvements thereon no longer required for public  
purposes;

That the following offers to purchase were  
received subsequent to the property being advertised:

- |                                        |              |
|----------------------------------------|--------------|
| 1. Stanley Cameron Peters & Max Peters | \$6,000;     |
| 2. Beechy Cooperative Assoc. Ltd.      | \$5,000;     |
| 3. Mr. Gordon Schury                   | \$4,100; and |
| 4. Mr. Edwin A. Funk                   | \$2,150;     |

That Real Estate Officers, Real Estate Branch,  
Department of Transport, have appraised the property and  
that the Director, Real Estate Branch, Department of Transport,  
concurs in the sale to the Principals in the stated sum, having  
given full consideration to the fact that Beechy is not a  
thriving community and there is little demand for housing in  
the area.

The Committee, therefore, on the recommendation of  
the Minister of Transport, pursuant to the Public Lands Grants  
Act, advise that authority be granted for the conveyance by  
Letters Patent to Stanley Cameron Peters and Max Peters, as  
joint tenants and not as tenants in common, for the sum of  
\$6,000, the lands specifically described in the Schedule  
hereto, together with the buildings thereon.

That an application has been received from

That the land is no longer required for Canal or

The Committee of the Privy Council have had before them a report dated 15th August, 1968, from the Minister of Transport, representing:

That the Department of Transport is presently acquiring from the Corporation of the Town of Smiths Falls, free of charge, a 66 foot unopened road allowance known as Gile Street located between Centre Street and the Rideau River having an approximate depth of 360 feet required for the Stores & Division Yard at the Rideau Canal Headquarters, Smiths Falls, Ontario; and

That the Department of Justice advises that there is some title difficulty to a portion of the lands involved and that the simplest way of perfecting the title is for the Department to convey that part of the water lot lying between the original high water mark and the present high water mark to the Corporation of the Town of Smiths Falls. They would then re-transfer it along with other lands which they own back to the Federal Crown.

The Committee, therefore, on the recommendation of the Minister of Transport, pursuant to the Public Lands Grants Act, advise that authority be granted for the conveyance, by Quit-Claim Letters Patent, all the right, title and interest of Her Majesty in right of Canada in the said water lot containing 0.362 of an acre lying in front of Fly Street now Gile Street, lying and being in the Town of Smiths Falls, County of Lanark, Province of Ontario, more particularly shown outlined in brown on Plan T-2550 dated Toronto, June 9, 1968, on file in the records of the Department of Transport, to the Corporation of the Town of Smiths Falls, on a no-charge basis.

SCHEDULE

LESSEE: Marathon Aviation Terminals Limited

AIRPORT: Montreal International

DESCRIPTION OF AREA TO BE LEASED: 275,100 square feet of land, more or less, as a site for the lessee's hangar, for the parking of aircraft and other uses related to the company's aviation operations at the airport.

TERM: 25 years, plus a reasonable amount of time for construction of the lessee's building, and renewable for one term of 15 years. The period allowed for construction purposes and subsequent commencement date for the ground lease will be determined by the Minister.

CONSIDERATION:

- (a) During the period of construction of the Lessee's building, to be determined by the Minister, the rent will be at a rate of three and one half cents ( $3\frac{1}{2}\phi$ ) per square foot per annum.
- (b) Subsequent to the completion date established for the Lessee's building, as will be determined by the Minister, the rent will be at the rate of seven cents (7¢) per square foot per annum for land plus two cents (2¢) per square foot per annum airport maintenance charge.
- (c) The rental rate of seven cents (7¢) per square foot per annum for the land will be subject to review by the Minister after 20 years and after 30 years from the completion date of the lessee's building. The rental rate at each review date may, at the option of the Minister and expressed by an Order of the Governor in Council, be fixed at any greater or other sum.
- (d) The airport maintenance charge of two cents (2¢) per square foot per annum will be subject to review at the end of each five year period during the currency of the lease and the maintenance charge may, at the option of the Minister and expressed by an Order of the Governor in Council, be fixed at any greater or other sum.
- (e) There will be included in the lease provision whereby the lessee will be allowed a deduction from rent for site preparations owing to faulty soil conditions which exist in the area proposed for the lessee's hangar development. The amount of the allowance will be determined by the Minister and will have to be written off in the first five years of the lease. The faulty soil conditions detract from the value of the land and the costs for which the deduction is given are for extraordinary expenses which will be incurred, by the company, over normal clearing,

filling and grading with respect to site preparation prior to actual construction of the hangar facilities.

(f) The lease to contain such other terms and conditions as may be considered necessary in the public interest.
